

SPANISH REENTRY SERIES

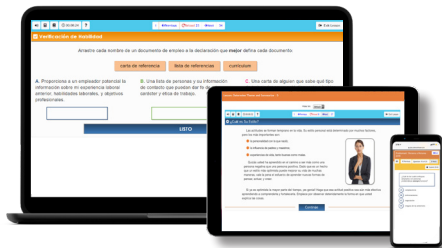

Helping people get hired and stay hired, improve their lives, and strengthen both their families and communities has been LSE's mission for over 35 years. From four original booklets designed to help at-risk youth find jobs, we now offer 57 titles dedicated to reentry.

Online Spanish Reentry Modules

Online Spanish Reentry Modules are designed to be versatile resources that work in multiple places. There are three main ways service providers use them:

- **Customizable Online Lessons** — Instructors can select single topic modules from a range to 57 titles to create individualized lesson plans.
- **Self-directed Education** — Program managers can assign the modules for clients to study and practice key skills, while tracking time-on-task for reporting purposes.
- **Counseling Sessions** — Case managers use the modules to guide clients through key elements of the reentry process.

Print Spanish Reentry Booklets

Print Booklets are designed to be versatile resources that work in multiple places. There are three main ways service providers use them:

- **Individual Curriculum** — Instructors can select single topic booklets from a wide range of titles to create custom curricula to meet learner needs.
- **Learner-Centered Education** — Program staff can display the booklets in resource rooms or public areas to engage clients in key topics.
- **1:1 or Group Counseling** — Case managers use the booklets to guide individual and group sessions and as a way of reinforcing key topics.
